

Let's Go Fishing with Captain Dwight in Lake Erie

Priceless for party of 4 Date: Mutually agreeable with Captain

Book your next fishing trip with Dwight Zeman and his "DenieD" and discover what freshwater fishing is all about! Captain Dwight has been running charters on Lake Erie since 2003 and is ready to show you the time of your life.

His 27' Sportcraft performance fisher is equipped with state-of-the-art amenities designed to give you the best fishing experience no matter what. This includes a Lowrance GPS and fishfinder, VHF radio, 250 HP Mercruiser engine, and outriggers with large sled-like boards for trolling. She also comes with a private head and space for 6 guests to fish at the same time. However, Capt. Dwight recommends 4 people per trip for the ultimate experience.

His Sportcraft is docked in Foxhaven Marina on Catawba Island, conveniently located close to some of the most productive fishing grounds on Lake Erie. Capt. Dwight loves taking his guests jigging for Walleye in April when that technique works the best. Post spawn, he specializes in trolling and/or casting while drifting when targeting Walleye. Yellow Perch are caught while anchored.

You'll be provided with premium rods and reels, as well as live bait and lures. Just be sure to purchase your fishing license before the trip and meet Capt. Dwight at the nearby McDonalds on Catawba Island, just a mile drive from the boat or at the boat. There's also free customer parking at the dock.

Get ready for some fun freshwater fishing with Dwight's Guide Service! Feel free to bring snacks and drinks and be sure to pack extra layers of comfortable clothing and non-slip shoes. Capt. Dwight will show you the best time and make sure you get put on some incredible fish!
