Project: Latrines for students of Trung Giang Elementary and Secondary school

Thanks to a grant from aircraft manufacturer Boeing, students attending Trung Giang School will benefit from the new and expanded restroom facilities. Built in 2000, the sole communal restroom at the Elementary and Secondary school at Trung Giang was originally designed for about 200 students. Although there have been minor improvements, large-scale renovation efforts have been hampered by inadequate funding and budget priorities. Financing for educational needs has not kept up with the rapidly expanding population in the Gio Linh district of Quang Tri Province where the income is far below the average in Vietnam. Thanks to Boeing and the D.O.V.E. Fund, the new hygienic latrines will benefit not only the 588 students who currently attend the school but also the more than 1500 parents, teachers, and residents of Trung Giang.

The D.O.V.E. Fund thanks Boeing for their help in financing this essential project.

The old restrooms have become outdated, unhealthy, and inadequate.

Workers prepare support columns before pouring the foundation for the new restroom.

The completed exterior awaiting finishing and painting.

Students will appreciate the new sinks and enhancements in the upgraded restrooms.

Tax Tip: Use your RMD to make a QCD to the D.O.V.E. Fund

A qualified charitable distribution is an IRA withdrawal that is paid directly from your IRA to a qualifying charity. While income tax is normally due on each traditional IRA distribution, the account owner does not need to pay taxes on the amount transferred to charity.
